MESSAGE

Dear organisers and participants of the campaign for revitalisation of *Lok Swasthya Parampara*, I am pleased to learn that the Quality Council of India, the national quality facilitation and accreditation body attached to the Ministry of Commerce and Industry is partnering with the Foundation for Revitalisation of Local Health Traditions to develop a National Scheme for Training and Certification of Traditional Community Health Practitioners.

I appreciate the services of the Traditional Community Health Practitioners provided to the community in general and especially to the rural populations in our beloved country. I am sure that the proposed training and certification scheme will fill in the gap in providing recognition to the service role played by the Traditional Community Health Practitioners.

I understand that the said National Scheme is being launched in Thiruvananthapuram on 24th March 2017. I am unable to participate in the launch program due to my prior commitments in my Ministry.

On this occasion, I assure all of you that my Ministry will consider necessary measures to support the implementation the above scheme of Training and Certification of Traditional Community Health Practitioners.

I congratulate the officials of QCI, FRLHT and other organisers and all the members of the Traditional Community Health Practitioners for launching the above scheme.

Best wishes,

(Shripad Naik)
